

Product Name :
Army Military Flood Light

Product Code :
EQUP-MC20008-0003

Description :

Army Military Flood Light

Technical Specification :

- Flood Light
- Mounting Platform with Tripod Mast
- Power source silent Generator

Flood Light

- Front Diameter 100mm
- Bulb Type:HID(High Intensity Discharge)
- Luminous Flux:3200~5300 Lumen
- Lamp Life:2500 Hrs
- Color Temperature:42500??k
- Power:12VDC
- Water Resistance:50 meter IP65
- Working temperature:-20??C up to +??C
- Surface treatment:Hard anodizing MIL-A-8625
- Identification of moving object 1000m
- Glass:Hardened Impact and temperature variant resistant
- IR Filter:850nm ability to see 800m using night vision device.
- Weight of flood light 2kg

Mounting Platform with tripod mast

- The mountable platform with tripod mast able to raise the flood light up to 8 meters
- movement of Flood Light
PAN:0° 360?? and TILT:0° 60??
- Payload to withstand a wind pressure of 50m/s
- Payload capacity 25kg
