

**Product Name :**

Army Military 6.5kg Side Opening Military Grade Bulletproof Vest With Foam Padded Shoulder Straps

Product Code :

EQUP-MC20004-0001

Description :

Army Military 6.5kg Side Opening Military Grade Bulletproof Vest With Foam Padded Shoulder Straps

Technical Specification :

Tactical Assault Vest is an advanced ballistic vest designed to offer the user full ballistic coverage without sacrificing the users' mobility. Used by departments and agencies across the globe, the Titan can be worn as a stand-alone ballistic vest with coverage with the option to add additional accessories and hard armor plates. The Titan vest features fully adjustable padded shoulders supports as well as internal shock absorbing straps to improve weight distribution and load bearing support. It also features full 360 ° MOLLE coverage allowing the user advanced load-bearing capabilities while shifting the distribution of weight from the user's shoulders to the back.

Product Features

- Front, back and side protection
- Side opening for easy donning and removal
- Fully adjustable foam-padded shoulder straps
- Multiple sizing points in shoulders and waist allow the vest to comfortably fit many body types
- Internal shock absorbing straps for extra support
- Detachable 360-degree MOLLE platform
- Optional accessories: detachable shoulder, collar and throat, biceps, groin, kidney/lower back
- Tested to defeat: .357 Magnum rifle, .44 Magnum rifle, .9mm, .357mm and .40 S&W FMJ rounds without additional ballistic plates
