

Product Name :
Food Biscuit Packing Machine

Product Code :
EQUP-MC20019-0016

Description :

Food Biscuit Packing Machine

Technical Specification :

Food biscuit packing machine is applicable for packing various regular objects, such as biscuits, pie, chocolate, bread, instant noodle, ice cream, moon cake, candy, medicine, hardware, paper boxes, plates, etc.

1. The bag length is free of manual setting, the equipment automatically detect and set the length.
2. Simplified mechanic gearing, easy to maintain, little vibration, little wear, and long life.
3. The main control circuit takes the single chip developed by our own company, digital screen display and controlled by transducer. Perfect interface between operator and machine, convenient operation.
4. Dual frequency conversion control, bag length can be set and cut on one step, saving time and film.
5. High sensitivity photoelectric eye tracking automatically and accurately.
6. Independent temperature control for each sealer to make sealing more beautiful and stable, suitable for variety of flexible packing material.

Parameter of Food Biscuit Packing Machine

Film width?Max.320mm

Bag width?50-140mm

Product height :Max40mm

Bag length:65-190/120-280/90-220mm/150-330mm

Roller Film diameter?Max.320mm

Packing speed?40-230bag/min

Voltage?220V 50/60Hz 2.4KW

Dimension?(L)3770x(W)720x(H)1450mm

Equipments Machines Manufacturers
