

**Product Name :**  
Dual-Wavelength Laser Evidence Discovery Instrument

**Product Code :**  
EQUP-MC20283-0012

**Description :**

Dual-Wavelength Laser Evidence Discovery Instrument

**Technical Specification :**

Non-destructive inspection, can directly obtain the most original true information, and does no damage to bio-active substances (DNA). It has direct discovery function for sweat fingerprint, dust fingerprint, occult blood fingerprint and oily fingerprint, which is far superior to other light sources.

The output wavelength of light: 445nm blue light / 520nm green light

Lithium Battery: 16.8V 6800 mAh

Laser Power: 445nm 10W, 520nm 8W

Host Weight: 2.96KG

Handle Weight: 0.34KG

Fiber Length: 1.5m

Host Size: 157 \* 70 \* 272mm (includes foot pad)

Handle Size: 212 \* 149mm
