

Product Name :
Uniform Light Source

Product Code :
EQUP-MC20283-0015

Description :

Uniform Light Source

Technical Specification :

The four waveband light source is a new type portable ultra-wide and uniform light source which has superior quality and high technical content. It adopts imported LED light source and projection ceremony combined optical lens system which has the functions of uniform light projection, no phenomenon of interference stray light, ultra-wide illuminating range, etc. It is widely used to inspect footprint and trace, explore the surroundings, illuminate for photographic proof, etc special applications.

Dimension: 215mm *75mm*110mm

Lamp type: CREE RGBW LED

Rated Voltage: 4.2V

Rated Current: 700mAh

Power: 12W

Battery Capacity: 6600Mah lithium battery

Uniformity of illumination: ?90%

Continuous illumination More than: 6h

Charging time: 7h

Wave-length: Red light: 620-625nm, green light: 520-525nm

Blue light: 460-465nm, white light: 6000k

Diameter of the light spot at the 2m distance: 790MM

Weight: 1.12 KG(include battery)

Package Dimension: 270*150*90mm
