

Product Name :
Packing Automatic Vial Sticker Labeling Machine

Product Code :
EQUP-MC20085-0012

Description :

Packing Automatic Vial Sticker Labeling Machine

Technical Specification :

We are leading manufacturer and export Ampoule and Vial Sticker Labeling Machine. With remarkable efficiency, lightning speed and superior build-up, this machine boasts of matchless features and qualities.

Two Models:

- This extra-ordinary machine is available in two models---slant and verticals. Fully equipped to carrying out its duty with enviable expertise. It is fully equipped to apply self-adhesive sticker on various sizes of round ampoule/vial.

Maximum Output:

- Depending on the size of ampoule/vial, this futuristic machine is able to label up to 200—300 units per minute. As for speed and accuracy, there is no match of it. You would be thoroughly impressed with its fast functionality.

Almost Maintenance Free:

- It requires unbelievably low maintenance. Unlike other ordinary machines, it functions smoothly and requires as little maintenance as possible.
