

Product Name :
Packing Steam Tunnel Shrink Sleeve Applicator

Product Code :
EQUP-MC20085-0029

Description :

Packing Steam Tunnel Shrink Sleeve Applicator

Technical Specification :

Material PVC, PET, OPS
Packaging Type bottle
Electrical rating 1.5KW-2KW
Voltage AC 380 V
Frequency 50/60 HZ

Time is changing definitely and innovation is creating step by step with Shrink Sleeve Applicator with Steam Tunnel With the development innovation it has gotten to be less demanding to finish any sort of undertaking inside contact of seconds. In this apparatus and logical period, we can do things without numerous challenges. The greater part of the ventures is indicating immense change in their business. Correspondingly, an extraordinary change has occurred in naming businesses due to the presentation advance machine called bottle labeler or name utensil. This gadget has secured the way toward labeling. Tag or mark is a standout amongst the most fundamental things can be seen on any sort of things.
