

**Product Name :**  
Batch Coding Conveyor

**Product Code :**  
EQUP-MC20086-0051

**Description :**

Batch Coding Conveyor

**Technical Specification :**

Usage/Application Pharma  
Material Handling Capacity Variable  
Type INK JET PRINTER CONVEYER  
Material Stainless Steel  
Belt Material PVC  
Capacity Variable  
Design Customized  
Size 300mm x 1.5 Meter

We offer packing conveyor that are designed and engineered to fulfill the needs of any packing environment. Renowned for hassle free performance, it is extensively used for bottling and packaging. Fabricated using stainless steel table top, it contains dimensionally stable belt that is resistant to decay and rot and is flexible despite frequent cleaning. Less stretchable and light weight, the conveyor belt is highly wear resistant and generates very low noise. Customized solutions are also provided as required by the client.

**Specification:**

- Length: 10-20 feet
- Belt Width: 0-10 inch
